

# Plastic tubing PUN-12X2-BL

Part number: 159670

★ Core product range

Standard O.D tubing, for QS plug connectors, CN and CK polyurethane fittings (not approved for use in the food industry).

FESTO

## Data sheet

| Feature                                  | values                                                   |
|------------------------------------------|----------------------------------------------------------|
| Outside diameter                         | 12 mm                                                    |
| Bending radius relevant for flow rate    | 62 mm                                                    |
| Inside diameter                          | 8 mm                                                     |
| Min. bending radius                      | 33 mm                                                    |
| Temperature dependent operating pressure | -0.95 ... 10 bar                                         |
| Operating medium                         | Compressed air in accordance with ISO8573-1:2010 [7:-:-] |
| Ambient temperature                      | -35 ... 60 °C                                            |
| Authorisation                            | TÜV                                                      |
| Product weight according to length       | 0.0767 kg/m                                              |
| Colour                                   | blue                                                     |
| Shore hardness                           | D 52 +/-3                                                |
| Materials note                           | Free of copper and PTFE<br>Conforms to RoHS              |
| Materials information for tubing         | TPE-U(PU)                                                |
