

# Rod clevis SG-M10X1,25

Part number: 6144

★ Core product range

With hexagonal nut, for swivelling cylinder mounting (piston rod side) as per DIN ISO 8140.

FESTO

## Data sheet

| Feature                                 | values                                      |
|-----------------------------------------|---------------------------------------------|
| Size                                    | M10x1,25                                    |
| Conforms to standard                    | DIN 71752<br>ISO 8140                       |
| Threaded connection                     | Female thread M10x1.25                      |
| Corrosion resistance classification CRC | 1                                           |
| Ambient temperature                     | -40 ... 150 °C                              |
| Product weight                          | 105 g                                       |
| Materials note                          | Free of copper and PTFE<br>Conforms to RoHS |
